Story 1

Interactive quantity by state quantity by week & Amount by week & quantity by size & Top 10 states by quantity by status & quantity courier status quantity by sales quantity by B2B & Dashboard category category category quantity category & category channel & category category

Amazon.in
99.57%

Non-Amazon
0.43%

This sheet shows how different sales channels (e.g.,
Amazon website, third-party sellers) contribute to
product sales by category. It helps assess the
performance of various sales channels and can guide

future investment or strategy in specific channels.
